Effectively organize your bulk fluid inventory, eliminate the hassle of handling 55-gallon drums, and maximize valuable floor space with Rhino Tuff Tanks stackable tank systems. Individual tanks are designed with a common $36^{\prime \prime} \times 36^{\prime \prime}$ footprint among all sizes. Tanks can be securely stacked with each other in any combination without requiring costly conversion brackets or racking. Using Natural Virgin High-Density Polyethylene resins, Rhino Ruff Tanks provide a clean, stable, contamination-free container that will not rust or corrode - protecting your fluids from the environment. Combine with any array of accessories to create your own unique storage and dispensing system. RTT systems have been certified as compliant with ULC 142.14-03 and UL-2152 testing standards and bear the markings as such.

## Description:

## 120/180 GALLON GRAVITY FEED TANK PACKAGE

Model: RTT-6280-NV
P/N: 500391

## Package Includes:

- One (1) 120 Gallon and One (1) 180 Gallon Stackable Tanks
- Tank stand with $24^{\prime \prime}$ legs
- Drip Tray Kit
- Accessory Package that includes:
- Braided Poly Tubing
- Stainless Steel Elbow Adapter with Barbed End
- $1^{\prime \prime}$ Hose Clamps
- Thread Sealant Tape
- Stainless Steel Elbow Kit with Nut for Stand
